1. The following is a quotation of the second paragraph of 35 U.S.C. 112:

The specification shall conclude with one or more claims particularly pointing out and distinctly claiming the subject matter which the applicant regards as his invention.

2. Claims 1-8 are rejected under 35 U.S.C. 112, second paragraph, as being indefinite for failing to particularly point out and distinctly claim the subject matter which applicant regards as the invention.

There is no clear antecedent basis for "the rotation device" recited in line 5 of claim 1.

There is no clear antecedent basis for "a rotation device" recited in lines 2-3 of claim 6. Is this rotation device the same as the "at least one rotation device" of line 4 of claim 1?

3. The following is a quotation of the appropriate paragraphs of 35 U.S.C. 102 that form the basis for the rejections under this section made in this Office action:

A person shall be entitled to a patent unless –

(b) the invention was patented or described in a printed publication in this or a foreign country or in public use or on sale in this country, more than one year prior to the date of application for patent in the United States.

4. Claims 1-3 and 8 are rejected under 35 U.S.C. 102(b) as being anticipated by Gutberlet et al.

Gutberlet et al. disclose a cross-stacker which includes pre-collection chamber 2, rotation device 58, ejection devices 60, 62 and transport device 56, 74 which alternately transports paper products to one of two ejection positions 8, 10.

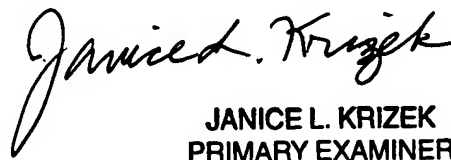

5. Claims 4-7 would be allowable if rewritten to overcome the rejection(s) under 35 U.S.C. 112, second paragraph, set forth in this Office action and to include all of the limitations of the base claim and any intervening claims.

6. The cited prior art shows paper product-handling apparatus.
